

MASTER CLASS ON RISK MANAGEMENT how to face the future ?

Led by **Paul GARASSUS**, President of UEHP

Tuesday November 20th, 2018

UEHP – European Union of Private Hospitals

Avenue de la Joyeuse Entrée, 1 4th floor
B - 1040 Bruxelles Belgium

In a context of **multi-factor transition** faced by European healthcare systems, a new set of complexities arises (**technology, epidemiology, society, regulation**). Those factors are changing equilibrium with potential underlying risks going beyond current resilience.

Risk Management offers levers to secure and optimize operations, with the need for an innovative approach to adapt to emerging and evolving risk profiles.

**UEHP and Sham invite you to join
20 Top European Executives
(CEO, COO, Risk Manager, Medical, Legal Director)
from PRIVATE HOSPITALS / CLINICS (group or independent).**

During this one day session, participants will benefit from a selective panel of experts and counterparts to foster active contribution, interactivity, mutual thinking and share lessons learnt from various experience and concrete actions.

PROGRAM AND SPEAKERS

Risk Management issues in a mutating environment

- Paul Garassus, President of UEHP
- Paolo Silvano, Deputy General Manager of Vivalto Santé (French private hospitals group)
- Cristina Contel, President of ASPE (Spanish Private Healthcare Association)
- Jens Wernick, Lawyer, UEHP Vice-President, BDPK Delegate to the UEHP
- Dr. Fidelia Cascini, Risk Management Advisor of AIOP (Italian Private Healthcare Association), on behalf of Prof. Gabriele Pelissero (past President of AIOP)

Data at the heart of healthcare organizations
